MONU-MENTAL ACHIEVEMENT

Beauty therapists in the UK have been using Monu Skincare from Susan Molyneux for over 30 years, and we were dying to get a piece of the action. At last it has landed on our shores. Hugely affordable for a salon brand, Monu Skincare has some brilliant products including primers, manicure products, spa body products and bronzing products as well as a cracking range of salon-based treatments. The brand offers three choices of skincare – Monu which is a prescription range to be recommended by your beauty therapist, Renu which has some great anti-ageing items and last of all Vitru, skincare for the man in your life. The range is paraben free and all paper packaging is sourced from sustainable forests, while all essential oils are sourced locally. This means that carbon footprint is kept to a minimum and the brand even has a no air freight policy, transporting by land and sea where possible. Check out www.beautyfeatures.ie to see the entire range and find your nearest stockist. We'd recommend one of the new range of four moisturisers from Monu with one to suit every skin woe. whether you want to look like you're in soft focus or have stressed skin that needs some immediate relief, starting at €16.95/NI £13.50.
