

# Male Grooming Kit

## Perfect Pevonia

The Men's Care Line by Pevonia is a particular favourite at Spa World HQ. The After-Shaving Balm is a brilliant light-textured, non greasy balm with natural phyto-extracts that is immediately absorbed to alleviate the skin's irritability after shaving, leaving the face soothed,

smooth, supple and hydrated. Use with the Easy-Glide Shaving Emulsion and shaving will be a pleasure rather than a pain. [www.pevonia.co.uk](http://www.pevonia.co.uk)

## Grab it and Go!

Aussie male grooming experts, VitaMan, have come up with the ideal travel kit for those long, hot summer holidays. The VitaMan Travel Pack (£38) contains multi-purpose essentials including six 50ml tubes of shampoo, conditioner, shave crème and a combined face and body cleanser, as well as the multi-action aftershave balm, whose antibacterial and anti-inflammatory properties make it ideal as an after-sun balm and salve for minor cuts, slings and burns. Comes in a stylish black wash bag. [www.vitaman.org.uk](http://www.vitaman.org.uk)

## Lighten Up

With summer upon us it's the ideal time to perfect the blond antipodean look. So why not join high profile celeb icons like Heath Ledger, Daniel Craig and Jude Law and get a head start with the Bblonde for Men collection, which works with your natural hair tones to create the blonde effect. For an all over sun-kissed look try Bblonde for Men Hair Lightener Kit (£4.99). If you don't have the time or patience to lighten your hair at home, why not let the sun do it for you with Bblonde for Men Spray in Hair Lightener (£3.99, 200ml). ## Even Kiehl

Give your hands some all day care and protection with respected American brand Kiehl's Ultimate Strength Hand Salve (£12.75/75ml). Formulated for the driest, most active hands, this heavy-duty moisturiser forms a 'glove like' protection barrier that actually absorbs water from the air. The formula, which contains a blend of botanical oils and natural wax derived from olives, also soothes and conditions the skin. ## Vital VITRU

VITRU is a new dynamic range of skincare products from Susan Molyneux, combining scientific innovation with proven, potent natural active ingredients. The comprehensive and stylishly-packaged range has been especially formulated to work with a man's skin; supporting its vital functions, enhancing performance and helping the skin to combat the stress inflicted by everyday life. Two innovative and high-performance signature facials – VITRU EXPRESS (30mins) and VITRU COMPLETE (1hour) – have been created to complement the product range.
